

**What is Android Pay?**

Android Pay is a secure and convenient way to pay with your Android mobile device.

Which devices will support Android Pay?

Android Pay can be used with an Android device with OS KitKat or higher.

Which CAMPUS cards can I add to Android Pay?

You can add your CAMPUS Visa Debit Card or any CAMPUS Visa Credit Card to Android Pay.

Where can I use Android Pay?

Use your CAMPUS Visa Debit Card or any CAMPUS Visa Credit Card with Android Pay almost anywhere you can swipe or tap a credit card or debit card.

Does CAMPUS charge members to use Android Pay?

There is no cost to members for this service.

Is Android Pay safe and secure?

Yes. Android Pay does not store your debit or credit card numbers on the device. Android Pay uses a unique virtual account number for that card on that device and keeps all your payment information encrypted on secure servers.

How do I make purchases with Android Pay?

With Android Pay, there is no need to open the app. Just unlock your device, hold your device over the merchant's payment reader and you'll receive a confirmation on the screen letting you know the payment was received.
