

Identity Theft and Fraud

Your Resource Toolkit

If you believe you may be a victim of identity theft or fraud, consider taking the following steps:

1. Place a fraud alert and freeze on your credit by contacting each of the three credit reporting agencies individually.
2. Review your credit report for mysterious accounts or inquiries.
3. File a police report.
4. File a report with the Federal Trade Commission and the Social Security Administration.
5. Notify companies your financial institution, as well as any companies you have an open line of credit with, that your identity was stolen.
